Employment History

Ecommerce Consultant	May 2019 - Present
High Mountain Sports	Oakland, MD

- I currently offer remote support for programs I wrote to integrate their POS with BigCommerce.
- Program written with a combination of SQL for exporting raw data, AutoIT for client side macros, Google App Script for server-side processing of information.
- Wildly successful project so far.

Ecommerce Manager	May 2016 - May 2019
High Mountain Sports	Oakland,

SQL
JS

Recent Projects

NCR CounterPoint to BigCommerce

Conceptualized and wrote a program to extract product information from enterprice level ERP / POS
Utilized SQL, AutoIT and Google App Script to automate the processing of required data
Ongoing Support as needed

Magento Theme to BigCommerce

Took a Magento 1 Theme and Converted to BigCommerce Using BigCommerce Stencil API, completely custom and better than Magento.
Remains in sync with rental addons, custom front-end apps.
